

TECHNICAL PROFILE OF MARKET PROCESSES AND TECHNOLOGY AT MIBGAS

Vacancy posted: January 2022

> COMPANY

MIBGAS is the Operator of the Organized Gas Market in the Iberian Peninsula, responsible for its operation and the economic management of its services. Its platform lists *spot*, *prompt* and futures products of natural gas with physical delivery, as well as liquefied natural gas on plants.

> POSITION

MIBGAS is looking for a person to fill the position of Market and Technology Processes Technician, reporting to the Front Office Department. Their mission will be to analyse, design and specify the processes related to natural gas and LNG market platforms and collaborate in the continuous improvement and reliability of MIBGAS business processes, in line with company strategy.

RESPONSIBILITIES

- Analyse operational and business processes in general and suggest improvements.
- Design and specify new operating processes, collaborating with service providers for their proper functioning and continuous improvement.
- Preparation and performance of test protocols and their automation.
- Coordination of ongoing business development projects.
- Serve as a contact point with market agents, price publication agencies, brokers and other sector-related bodies.
- Monitor the proper functioning of market platforms and collaborate in the efficient resolution of operational incidents.

EDUCATION AND EXPERIENCE REQUIRED

- A bachelor's degree in engineering. A master's degree in energy markets will be appreciated
- Experience in the energy sector, financial markets or trading departments. Two to five years' experience.
- Knowledge of information systems (databases, SQL, webservices, XML and reporting (Tableau and advanced use of Microsoft Excel) will be appreciated
- Results-oriented, proactive, multidisciplinary, able to work in a team, and with good communication skills.
- Good command of English (C1). Knowledge of Portuguese will also be appreciated.

If you are interested in applying, please send your CV to personal@mibgas.es.

CVs submitted by candidates will be included in the MIBGAS database. [MIBGAS's privacy policy](#) is thereby accepted.
